## **Preface**

Thank you for purchasing the GP Screen Editor Software, "GP-Pro EX".

Please read this manual carefully in order to use this software properly, and be sure to keep this manual handy for future reference.

#### NOTICE

- 1 The copyrights to all programs and manuals included in the "GP-Pro EX" (hereinafter referred to as "this product") are reserved by the Digital Electronics Corporation. Digital grants the use of this product to its users as described in the "Software Operating License Conditions" documentation, included with this product's CD-ROM. Any actions violating the above-mentioned conditions are prohibited by both Japanese and foreign regulations.
- 2 The contents of this manual have been thoroughly inspected. However, if you should find any errors or omissions in this manual, please inform your local GP representative of your findings.
- **3** Regardless of article (2), the Digital Electronics Corporation shall not be held responsible for any damages or third party claims resulting from the use of this product.
- 4 Differences may occur between the descriptions found in this manual and the actual functioning of this product. Therefore, the latest information on this product is provided in data files (i.e. Readme.txt files, etc.) and in separate documents. Please consult these sources as well as this manual prior to using the product.
- 5 Even though the information contained in and displayed by this product may be related to intangible or intellectual properties of the Digital Electronics Corporation or third parties, the Digital Electronics Corporation shall not warrant or grant the use of said properties to any users and/or other third parties.
  Digital Electronics Corporation accepts no liability for issues related to the intellectual property rights of third parties or any issues related to the use of the information contained in or displayed by this product.

#### Trademark Rights

All company or product names used in this manual are the trade names, trademarks (including registered trademarks), or service marks of their respective companies. This product omits individual descriptions of each of these rights.

## 1 How to Use This Manual

#### ■ Structure of the Manual

This "GP-Pro EX Reference Manual" is the first of two manuals for this product and explains how to use the "GP-Pro EX" software. Please refer to both of the manuals named below when using this product.

In addition to these manuals, data files containing supplemental information on updated functions are also provided.

To read these additional data files, click on the [Start] button in your Windows OS main screen and select the [Programs (P)] - [Pro-face] - [GP-Pro EX] menu. Then, click on the [Read Me] selection.

Further, for detailed explanations of the GP, please refer to the "User Manual".

Vol.1 Reference Manual	Describes GP-Pro EX's operation procedures and details on all features. It contains HTML and PDF data.
Vol. 2 Device/PLC Connection Manual	Describes the methods for connecting the GP to supported devices/PLCs from other manufacturers. Provided as HTML and PDF data.

# 2 Manual Symbols and Terminology

This manual uses the following symbols and terminology.

## ■ Safety Symbols and Terms

This manual uses the following symbols and terms to identify important information related to the correct and safe operation of GP-Pro EX. The symbols and the descriptions are as follows.

Symbol	Description
⚠DANGER	Indicates a hazardous situation that could result in serious injury or death.
⚠WARNING	Indicates a potentially hazardous situation that could result in serious injury or death.
<b>∆</b> CAUTION	Indicates a potentially hazardous situation that could result in minor injury or equipment damage.
0	Indicates instructions or procedures that must NOT be performed to ensure correct product use.
0	Indicates instructions or procedures that MUST be performed to ensure correct product use.
IMPORTANT	Indicates a potentially damaging action or dangerous situation that could result in abnormal equipment operation or data loss.

### General Information Symbols and Terms

This manual uses the following symbols and terms for general information.

Symbol	Description
NOTE	Provides hints on correct product use, or supplementary information.
*	Indicates an item with an explanatory footnote.
(F	Indicates an item's related information.
1, 2	Indicates an operation procedure. Operate according to the numbers.

## ■ Supported Devices Symbol and Terms

The meaning of symbols used in the section titled "Supported Devices" are described below.

Symbol	Description
<u>ост</u> 8]	Setup the address as Octal.
<u>***</u> 0]	Word address' bottom column bit can only be set to 0.
<u>÷16</u> j	Word address can only be set to multiples of 16.
÷16+ <b>1</b> ]	Word address can only be set to multiples of 16 + 1.
<u>÷ 2</u> ]	Word address can only be set to even numbers.
<del>-</del> 8]	Word address can only be set to multiples of 8.
<u>Β ; τ</u> 15] *1	Bit setup possible. After the word address, set the bit position, from 0 to 15.
B i t F 1 *1	Bit setup possible. After the word address, set the bit position, from 0 to F.
Bit 7 *1	Bit setup possible. After the word address, set the bit position, from 0 to 7.
<u>Β ; τ</u> 31) *1	Bit setup possible. After the word address, set the bit position, from 0 to 31.
[L/H]	When using 2 words (32 bit data), the relationship between the top and bottom data is:  0 L(low pos.) 1 H(high pos.)
H/L	When using 2 words (32 bit data), the relationship between the top and bottom data is:  0 H(high pos.) 1 L(low pos.)

<sup>\*1</sup> They are used for bit writing, other bits are set to zero.

The device ranges listed in the sections titled "Supported Devices" are the maximum setup ranges. The ranges may be smaller than illustrated, depending on your PLC type. For further details, refer to the corresponding PLC manual.

Setup the System Area in the devices that are shaded.
